Minutes

Present: Dr D, DW, TH

1. Date CRN meeting date - to come talk to us

Dr D mentioned that the Clinical research Network team want to come out to our PPG and give us a talk on who they are and what they can do with the practice. We will try organise this so they are here at the next meeting.

2. No talk from the Nurse at minute. – poorly need to wait till she back to review

It was planned our nurse would do a talk about diabetes and nutrition to some of our patients. The PPG group could then try and recruit new members at this event. Unfortunately our Nurse is still off poorly. We will look at rearranging this when she is back at work.

3. GPIIP update (modern day general practice)

The practice has signed a 6-month scheme on how we can improve our capacity and access and fit into a modern day general practice model. We had our first meeting yesterday and will be held weekly for the next 6 months. We will update everyone at the next meeting on what the model can offer us to improve the way we work. Note, we are not changing our appointment system to a full telephone triage model. Our clinical team are happy how our current model is.

4. Flu clinic – 5th October

At the next flu clinic we will be offering both flu and covid together. Therefore we would like some PPG members to come ask if patients would like to know more about our PPG group and would they want to join us. Patients can then receive a sign up form which will be created, and be asked to complete it later and drop it back into the surgery. DW will then contact them via email. TH has agreed she can attend. If anyone else can please let me know.

5. Action points from this meeting:

Action point	Person responsible
Organise CRN team to give the PPG group a talk	Dr D and Dr K
Organise diabetes talk	Dr D and DW
Create new PPG recruitment form	Dr D and DW
Let DW know who else can attend on the flu clinic	Rest of PPG members

6. Date of next meeting:
